

## **Stormwater Specialist**

The Stony Brook-Millstone Watershed Association, a dynamic and multifaceted non-profit conservation organization, is seeking a full-time Stormwater Specialist to advance its efforts to promote “green infrastructure” solutions to problems with polluted runoff and flooding. The specialist will work in the organization’s policy department under the direction of the Policy Director. This is a 12-month position, with opportunity for extension.

The Stormwater Specialist works with municipalities and others to promote policies, ordinances and practices to improve the management of stormwater runoff. This position requires appearances and speaking at various municipal boards and commissions and state policy meetings. Occasional evening hours are required, as determined by municipal scheduling and the Policy Director.

The Stormwater Specialist will also work cooperatively with staff in the Watershed Association’s science and stewardship and education departments and provide guidance, as appropriate, to the organization on the maintenance of stormwater management systems at the Watershed Center.

### **Qualifications:**

- Bachelor’s Degree in environmental science, engineering or landscape architecture.
- Experience working with water quality and environmental issues, including green infrastructure and other solutions to address stormwater runoff.
- Organizational and diplomatic skills, including the ability to communicate technical information effectively to a wide range of audiences.
- Experience working with municipal boards and commissions, or other governmental bodies.
- Excellent written, verbal, listening and public speaking skills.
- Computer skills,1 including major software packages (MS Office) and ability to learn.
- Strong team player and also comfortable working independently with minimum direction.

The Watershed’s mission is to keep water clean, safe and healthy. Since 1949, the organization has worked to protect and restore water and the natural environment in central New Jersey through conservation, advocacy, science and education. Our offices are located in the LEED-Platinum Watershed Center on the 930-acre Watershed Reserve in Hopewell Township. Applicants should e-mail a cover letter, resume and salary requirements to Laurie Babicki, Executive Assistant to the Director [lbabicki@thewatershed.org](mailto:lbabicki@thewatershed.org).
