

## In-Person Program Policies

To ensure the safety and well-being of all participants during our in-person programming we will require you to follow all policies written below. These policies may be updated over the course of the year. During the registration process, you will be asked to review and agree to these policies before attending any in-person program.

- Masks are optional inside the Watershed Center.
- If you are not feeling well, and suspect any kind of contagion, such as a cold or flu, please stay home.
- Masks are no longer required outdoors at The Watershed Reserve. We welcome guests to continue to wear masks and social distance as desired. It is recommended that unvaccinated people, including children under 12, continue to wear masks and social distance. These policies are subject to change based on the recommendations and guidelines from the CDC and State of New Jersey.
- Watershed Institute Staff reserve the right to require participants to wear masks at any point during the program regardless of distancing. Staff will be trained appropriately on how to maintain distancing, and when masks or facial coverings are required.
- Alcohol based hand-sanitizer will be available for hand washing in the field, however we recommend you bring your own so as to best maintain distance between groups and staff.
- We require all participants to wear appropriate shoes. Shoes must have a hard sole, cover the toes, and have a heel-strap.

### **Cancellation Policy:**

Cancellations made 48 hours in advance of the program are eligible for refund.

Cancellations due to weather may occur if there is a potential for severe weather events. An email will be sent at least 1 hour before the program starts if a cancellation due to weather must be made. Participants will be given a full refund if a cancellation due to weather occurs.

Cancellations due to low participation may occur if there are not enough participants registered for a program. You will be notified at least the day before the scheduled program if a program is to be cancelled because of low registration. At that time, we may offer you the option to participate in a different session on another day if there are vacancies. Participants will receive a full refund if there is a cancellation due to low attendance and you do not choose to participate in a different session.

## **In-Person Program Policies**

### **Frequently Asked Questions**

#### **Are in-person programs indoors or outdoors?**

Most in-person programs take place fully outdoors, though some programs have an indoor component.

#### **Are there bathrooms?**

Restrooms are available inside the Watershed Center.

#### **What shoes are appropriate for wearing at the stream?**

Stream shoes must have a hard sole, heel strap, and cover the toes. This is to protect your feet from anything sharp at the bottom of the stream. We do allow crocs as long as it is a model that has a thick sole that is not worn down.

#### **Will there be water available to refill our bottles?**

Make sure you bring enough water to last the duration of your program. There are water fountains and water bottle refill stations inside the Watershed Center.

#### **Where should we park?**

Park near the Watershed Center located at 31 Titus Mill Rd. Pennington, NJ 08534. Participants will be notified via email if the program takes place in a different location.

#### **What should I do if some of my group was waitlisted and some were registered?**

Email our Education Manager Anna Hill [ahill@thewatershed.org](mailto:ahill@thewatershed.org). Most programs can accommodate 1 or 2 more participants if part of your group have been waitlisted. The email receipt you get when registering will tell you if anyone from your group has been waitlisted.

**If you have any other questions please email our Education Manager Anna Hill-  
[ahill@thewatershed.org](mailto:ahill@thewatershed.org)**
